EIP Pathway 2-Week RTT

72.33%

75.00%

Strategic Performance Summary:

During the March 2026 reporting window, secondary care infrastructure managed 700,917 total inpatient bed days alongside 2.42M attended community care contacts. While crisis team touches registered at 189,763, the 2-week Referral-to-Treatment (RTT) compliance threshold logged at 72.33%, indicating localized capacity bottlenecks against the standard 75.0% operational benchmark.
